Attachment

C.M., Inc. ("C.M.") does not use CPNI for marketing purposes and does not disclose or use CPNI in any manner which would require prior approval from the customer.

C.M. is aware, however, that all carriers are required to take steps to protect the confidentiality of CPNI regardless of whether CPNI will be used. Accordingly, C.M. has implemented educational measures designed to train employees to recognize situations in which CPNI may only be utilized following the customer's informed consent. Specifically, C.M. distributes educational materials to all such employees and provides a forum for the raising and resolution of questions concerning CPNI. All employees acknowledge receipt and understanding of these materials, which include relevant FCC CPNI rules. Employees are further instructed to report to a supervisor any circumstance which may give rise to the use of CPNI prior to use of or allowance of access to CPNI. Supervisors are encouraged to bring such questions to the attention of senior management personnel for resolution if necessary. In addition, any unintentional breach of CPNI security must be brought to the attention of an employee's immediate supervisor and then forwarded by the supervisor to the attention of an individual on the Company's management team specifically designated to monitor CPNI issues. In the event of any unauthorized disclosure of CPNI, this individual will timely report such breach to law enforcement authorities and affected consumers in accordance with §64.2010 of the CPNI rules.

C.M. will not tolerate intentional violation of CPNI rules and regulations. Employees which violate those rules and regulations, intentionally or unintentionally, will be subject to disciplinary measures up to and including dismissal of employment.

C.M. does not permit online access to CPNI; furthermore, C.M.'s customer base is almost exclusively comprised of business customers who are covered by the "Business Customer Exemption" to the CPNI rules. At the present time, the only customers of C.M. which are not covered by the "Business Customer Exemption" are certain individuals associated with a C.M. small business customer (whose business lines are otherwise within the scope of the Business Customer Exemption); these individuals have elected to utilize C.M. as the telecommunications provider for a residential line. For such customers, C.M. will provide call-detail at the customer's request by calling the customer at the telephone number of record as permitted by 47 C.F.R. §64.2010(b).

C.M. is strongly committed to securing the confidentiality of CPNI. Thus, if C.M. elects to utilize CPNI for marketing or any other purpose in the future, it will do so only in compliance with the CPNI rules and regulations. Notwithstanding the fact that C.M. does not presently utilize CPNI in any manner which would require prior customer approval, the Company will continue to review and refine its CPNI policies and procedures as appropriate to ensure employee compliance with CPNI rules and regulations and the continued protection of CPNI for the benefit of C.M.'s customers.
